Skippergaten 22, Oslo,

MEMORANDUM OF AGREEMENT

The undersigned hereby agree that Oslo Golf Klub appoints *Albert Pearson* as Professional to the Club on the following conditions:-

1- The Professional to be available for exclusive service to the Club during the whole paying season and to also act as Head Greenkeeper if desired by the Committee.

2- The Club guarantees the Professional free sea-passage from and to Scotland and living expenses in Norway up to £ 100. When the Professional's earnings reach £ 100. the Club's responsibility for any living-expenses expires. Any monthly advances made by the Club to the Professional (if required) to be refunded the Club from his earnings as they come in.

3- The Professional to have the exclusive arrangements and earnings in the sale of Golf Clubs and Golf Requisites, Teaching, Repairs and from such sources as is generally recognized as providing income to the Professional. In this respect only Green Fees will be claimed by the Club.

Owing to the Club having to take over Golf Clubs and Requisites from last season to relieve the late Professional and his responsibility it is understood this stock will be sold first before new supplies of the same sort are taken in. The Professional will thus remit the purchase value periodically to the Club from the sales and the Professional retains the profits hereon.

4- The season is expected to begin during the month of April and last till the end of November and it is expected that the Professional will not require more than a fortnight to arrive in the Spring even if he does not take permanent residence in this country.

5- This agreement is subject to revision or termination by either party giving written notice prior to the first of January for the following season.-

Dated in OSLO the Seventeenth day of April, 1926.

for OSLO GOLF KLUB.

Ragnar Skjold
Chairman.
